LIFE OF MARK.MP4

What's something you think
the world needs more of?

The easy answers is for sure
love.

I can't even say
I try my hardest because

I'm sure
I could probably do more.

Like it's so easy
not to be caring nowadays,

you see a lot of people so cold,

It's probably the hardest thing
you can do is um, really

put your all into something
and show that real love.

But I do try hard to keep people
into consideration

and people's circumstances
and like just be caring man.

won't
even talk to their neighbors.

Like just stuff like that has
to change.
